

Environment Policy

Gleadell Agriculture Ltd and Dunns (Long Sutton) Ltd accepts its responsibilities in environmental matters and recognises that good environmental management must be an integral and fundamental part of our business.

The scope of the EMS is the marketing of combinable crops, fertiliser and seed, in addition to this the scope also includes the processing of seed and pulses for the UK and overseas.

Although we believe that we have a minimal impact on the environment, Gleadell Agriculture Ltd recognise and are committed to reducing all our environmental impacts, and aim to continue to protect the environment including prevention of pollution, meeting compliance obligations and improving its environmental performance by:

- Certification to the ISO14001 Standard.
- Meet and where possible exceed all relevant legislation, and other requirements to which the organisation subscribes.
- Assessing the environmental aspects/impacts of all business operations.
- Raise awareness, encourage participation and train employees.
- Expecting similar environmental standards from all suppliers and contractors.
- Commitment to the use of sustainable resource.
- Set and review objectives annually
- Implement, maintain and test the Emergency Incident Procedure on a regular basis.
- Making our Environmental Policy publicly available to interested parties.
- Continually seeking to improve environmental performance.
- Maintains the system to prevent pollution from all sites.
- Monitoring progress and review performance annually.

Delivering our operational plans within this policy will enable Gleadell Agriculture Ltd and Dunns (Long Sutton) Ltd to deliver meaningful contributions to the quality of our environment. This Policy will be reviewed on an annual basis.

Signed.....

David Sheppard
Managing Director, Gleadell Agriculture Ltd.
